

### 2016 ACCIDENT AND HEALTH COMPLAINT INDEX

Please note that when a carrier has a small number of policies in force, the complaint ratio will be large. For example, if a company has a few hundred policies in force, then one complaint may result in a complaint ratio of more than 100. A company may have a small number of policies because it is new to the market, leaving the market, or writes only a specialized segment of the market such as high-risk policies.

How each company's consumer complaints compare to the average with an index of 1.00 as average. Below 1.00 means fewer complaints than average and above 1.00 means more complaints than average.
